The Board wishes to inform the Shareholders and potential investors that based on the information currently available to the Directors, it is anticipated that the Group's consolidated net profit for the eight months ended 31 August 2013 would decrease moderately as compared to that for the eight months ended 31 August 2012.

This announcement is made by Flying Financial Service Holdings Limited (the “**Company**”, together with its subsidiaries, the “**Group**”) pursuant to Rule 17.10 of the Rules (the “**GEM Listing Rules**”) Governing the Listing of Securities on the Growth Enterprise Market of The Stock Exchange of Hong Kong Limited and Inside Information Provisions under Part XIVA of the Securities and Futures Ordinance (Cap. 571, Laws of Hong Kong).

Based on the preliminary assessment on the unaudited consolidated management accounts of the Group for the eight months ended 31 August 2013, the board (the “**Board**”) of directors (the “**Directors**”) of the Company wishes to inform the shareholders (“**Shareholders**”) of the Company and potential investors that, based on the information currently available to the Directors, it is anticipated that the Group's consolidated net profit for the eight months ended 31 August 2013 would decrease moderately as compared to that for the eight months ended 31 August 2012, despite the Group recorded an increase of approximately 62.7% in its consolidated profit attributable to owners of the Company for the six months ended 30 June 2013 when comparing to the corresponding period last year. While the Board expects the revenue of the Group would continue to increase for the eight months ended 31 August 2013 as compared to the corresponding period last year, the Group's operating expenses is expected

to increase significantly during the same period, which was attributable to, among others (i) the expenses of approximately RMB5 million and the related interest costs in connection with the issuance of the corporate bonds denominated in Renminbi with an aggregate value of RMB100 million; (ii) the increase in staff costs including salaries and employee benefit expenses as a result of the increase of average number of staff in connection with the Group's expansion plan; (iii) the increase of rental expenses due to office expansion; (iv) the increase of marketing and advertising expenses; (v) the increase of legal and professional expenses; and (vi) the increase of other operating costs which was in line with the business growth. The increase in the operating expenses for the eight months ended 31 August 2013 was partly diminished by the decrease of one-off listing expenses of approximately RMB7.2 million incurred for the corresponding period last year.

The Company is still in the process of finalising its unaudited consolidated management accounts of the Group for the eight months ended 31 August 2013. The information contained in this announcement is only a preliminary assessment by the management of the results of the Group and such information has neither been reviewed by the audit committee nor auditors of the Company.
